The head office of United Farmers of Alberta is in Calgary. This is where the Division Manager, the Region Managers and the Marketing Co-ordinator of the Petroleum Division have their offices. In addition, there are eight Marketing Supervisors in Alberta. All these men have responsible positions and work hard to ensure that the Petroleum Division is efficient and productive.

But go into one of the communities in Alberta that has an UFA Petroleum Agency . . . talk with the people in the town . . . and they'll tell you who UFA is in their town. It's their Petroleum Agent — he's the man they do business with and to them, he's Mister UFA.

A hearty salute to our UFA Agents and Managers of Petroleum Associations. It was your individual initiative and energetic performance that achieved the sales recorded in the Petroleum Division.

Awards were recently presented to the winners and runners-up, in each of the respective petroleum territories, for the Best Volume Increase, Most Improved Lube Oil Ratio and Most Farm Calls categories. Overall Alberta Awards were also presented to Lee Smithson for Best Volume Increase; Ray Miller for Most Improved Lube Oil Ratio; and Dean Jones for Most Farm Calls.

Winners in each category received a trophy and a cheque and the runners-up were presented with a cheque.
Million Gallon Club

Lee Smithson took over the busy Spirit River Agency on January 5th, 1976. In the two years since he has been the Agent, Lee has worked hard and his dynamic drive to increase volume at Smithson’s Farm Service Limited has achieved outstanding results. In the 1977 year, Lee showed an increase of 17.6%.

Originally from the Camrose area, Lee grew up on the family farm and now has his own farm. A graduate of the University of Alberta, he taught school for awhile and prior to joining United Farmers of Alberta was a sales manager for Block Brothers Realty.

Lee, his wife Darlene, daughter Carla and son Christopher belong to the Grace Gospel Church. Lee is also a member of the local Chamber of Commerce.

In addition to winning the Alberta Award for the Best Volume Increase, Lee was also the Million Gallon Club Volume Increase winner in the North Region and the Most Improved Lube Oil Ratio winner in Territory #8.

Prior to becoming the UFA Agent at Red Deer on March 1, 1977, Ray Miller was a partsman for four years and also worked on oil rigs. He certainly seems to have found his niche in the petroleum business as his awards this year testify.

As well as winning the Alberta Award for the Most Improved Lube Oil Ratio, Ray was the winner of the Best Volume Increase, Most Improved Lube Oil Ratio and Most Farm Calls in Territory #4. And to top this off, he became a member of the Million Gallon Club.

Born in Swalwell, Ray grew up on the family farm in the Acme area. He is an avid sportsman and likes to ski, snowmobile, bowl, curl, boat and rollerskate. He belongs to the local snowmobile club and the Elks Lodge.

Raised on the family farm in the Stettler area, Dean attended school at Endiang, Craigmyle, Byemoor, Hanna and Ponoka. Prior to joining UFA as the Agent at Byemoor on February 14, 1976, he worked for Gorman’s Ltd. in Calgary for two years and for Hanna Farm Equipment.

In this year’s Petroleum Awards, Dean was the Provincial Winner of the Most Farm Calls and was also the winner of the Most Improved Lube Oil Ratio and the Most Farm Calls in Territory #3. Dean’s wife Brenda has been a great help to him in his business.

In addition to refereeing hockey games, Dean enjoys all sports. He is a member of the Byemoor Curling Club and the Sullivan Lake West Agricultural Society.
